BLOOMI  
COLLECTION

We're specializing in designing and selling kinds of children wooden toys. Through over than ten years experience in this area, we have a very strict QC System to promise the product quality. Now we design, and also accept OEM products. Our aim is to offer absolutely safe toys to every child. Let children enjoy playing, enjoy learning.

We can design according to clients' requirements and also offer fancy ideas for your reference, since we have a strong R&D team. We will give our suggestions to your designs on the aspects of technique , structure, safety, to ensure the final finished products are safe to kids.

We use non-toxic, unpolluted paint. So our products can pass EN71, ASTM F963, CD, formaldehyde and so on. We can also meet your special testing requirements if you tell us before quotation.

We warmly welcome you to join us and develop best toys together.
